2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest the recitations of the specific features of the electrically insulating material and method, of claims 1, 14-15, 22, 24, 28, 30 and 37, including especially the following:

The primary reason for the allowance of independent claim 1, is the inclusion of the voltage stabilizing agent being covalently linked to or within the polymeric component.

The primary reason for the allowance of independent claim 14, is the inclusion of covalently attaching at least one voltage stabilizing agent pendant to a polymeric backbone.

The primary reason for the allowance of independent claim 15, is the inclusion of the voltage stabilizing agent being covalently linked to or within the polymeric component.

The primary reason for the allowance of independent claim 22, is the inclusion of the at least one voltage stabilizing agent, and the implanted medical device being selected from

an ICD, a medical lead, an IPG, a PCD, a neurostimulator, a nerve stimulator, a muscle stimulator, a monitoring device, a fluid handling device, a defibrillator, a gastric stimulator, a drug pump, and a hemodynamic monitoring device.

The primary reason for the allowance of independent claim 24, is the inclusion of the voltage stabilizing agent being covalently linked to or within the polymeric component.

The primary reason for the allowance of independent claim 28, is the inclusion of the voltage stabilizing agent being covalently linked to or within the polymeric component.

The primary reason for the allowance of independent claim 30, is the inclusion of the voltage stabilizing agent being covalently linked to or within the polymeric component.

The primary reason for the allowance of independent claim 37, is the inclusion of the interpenetrating polymer network formed by the first polymer comprising at least one linked voltage stabilizing agent and the second polymer.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
